# RAP 200

## PROTECTION COURSE

### LEED™ PRODUCT INFORMATION

RAP 200 is a reinforced asphaltic based protection course used as an accessory component with STRATASEAL HR hot-applied rubberized asphalt waterproofing and roofing system.

#### MANUFACTURING LOCATION

CETCO certifies that RAP 200 is manufactured in Atlanta, GA and Southgate, CA. If your project falls within a 500-mile radius of either location, the product is considered to be locally produced material and can help contribute to earning Materials & Resources – Credit 5.1 and Credit 5.2.

#### RECYCLED CONTENT

CETCO certifies that RAP 200 is manufactured with a 0% recycled material content with regards to contributing toward earning Materials & Resources – Credit 4.1 and Credit 4.2.

#### VOC CONTENT

CETCO certifies that RAP 200 contains 0 g/L Volatile Organic Compounds (VOCs). EQ Credit 4.1 and EQ Credit 4.2 pertain to materials that are to be used in the interior of the building. CETCO waterproofing products are applied onto the exterior of the structure and therefore are not subject to the intent of EQ Credit 4.1 and EQ Credit 4.2. However, CETCO has provided the volatile organic content (VOC) of RAP 200 herein.

#### CONSTRUCTION WASTE MANAGEMENT

In areas where facilities exist, the following RAP 200 materials are recyclable and can contribute to earning MR Credit 2.1 and MR Credit 2.2:

Wood Pallet      wood                      65-lbs

CETCO is committed to the use of recycled content in the manufacturing of STRATASEAL HR system components and supports the United States Green Building Council (USGBC) by participating as a USGBC Industry Member.
